FOOD PANTRY DONATION: Gothenburg Public Schools presented the Ministerial Association with a check for \$1,543.96 last week to be used for the food pantry. The money was raised during the Student Council-sponsored Cash for Dash which allowed the top two classes to earn open campus at lunch one day last week. The senior and sophomore classes raised more than \$500 each to win the upper-grade division. Seventh-graders received a pizza party for winning the lower division.
