Steve and Joan Windrum won the 2011-2012 TeamMates Business Challenge. The contest was open to all local businesses and was a tool for recruiting business employees to become mentors in the mentoring program. They received a traveling trophy. The Windrums each mentor a fifth grade student and will continue to until that student graduates. They meet one hour a week during the school year and participate in various activities to provide their students a positive environment with another encouraging adult in their lives. The next TeamMates Business Challenge will begin at the start of the next school year. TeamMates coordinator Lindsey Tederman can provide information to your business with a presentation. To contact her, call 537-2965 or email gothenburgteammates@gmail.com.
