The Gothenburg High School Class of 1962 donated \$362 for a new bookshelf for the District 20 media center. Media/technology integration specialist Lori Long said the bookshelf was constructed by Cornhusker State Industries to match existing library furniture and was delivered Monday morning. She said the shelves will be used to display new books and other materials related to specific topics tied to curriculum or to teacher requests. Pictured are class members, l-r: Doug Viter, Larry Nichols, Adele Williams and Jerry Tetley.
