Money raised for family: The Margritz family of Brady was the beneficiary of $1,780 raised by Dudley Elementary to help them through a difficult time.

Husband and father BJ Margritz is battling brain cancer. Wife Ashly works as a paraeducator at District 20. Upper and lower elementary classes competed to raise the most money with a pie-in-the-face to K-2 principal Allison Jonas or grades 3-6 principal Jim Widdifield as the prize. On Friday, both principals got a whipped-cream pie in the face by the Margritz children who attend Dudley Elementary. Right, Jonas (center) wipes whipped cream from Widdifield's goggles as third grader Kaden Margritz watches in delight. Left are, l-r: Kaden, Ashly and Kenzie, a first grader. After receiving the check, Ashly said she was overwhelmed. "The kids and community are amazing."
