

We must stand up to invaders

In a land far away and long ago two armies met in mortal combat in front of a city. The local army being badly beaten retreated into their city. Unfortunately they didn't get the city gate closed. The army of their adversary stormed through the gate.

The United States of America is a mirror of that city. The pagans have stormed through our gates. They are the humanists, pornographers, prostitutes, adulterers, abortionists, atheists, homosexuals-pedophiles, holding to a form of propriety and civility while exhibiting none. We have given them our children, our money, our land, our possessions. Like a leech they have not been satisfied. The Jihadist Moslems are pouring through the gate hard at their heels.

We are in a terrible state. The government is not the solution. They are more of the problem than the solution. However, I am very proud of our men and women in uniform who are bravely holding back the Jihadist Moslem horde, overseas.

In the land far away and long ago it looked very bad for that city. However the streets were narrow and the residents were on the roofs of their homes and they had piles of rocks up there with them. Each family protected their home, together they totally destroyed the invading army.

We are Americans. We live in the land of the free and the home of the brave. Modern society wants us to give up our old tired values, to reject our old time religion, to trade our blood-bought freedoms for a pack of lies. When we are silenced by the press of society or overwhelmed by the cacophony of sin and perversion all about us, when terrorists so horrify us that we cower in fear then slavery and death will overtake us.

God is not shook, "He is an ever present help in a time of trial." Our Nation is founded on God, when we turn to Him, He is there.

Paul the Apostle (Philippians 1:27-28), "I will know that you stand firm in one spirit, contending as one man for the faith of the gospel without being frightened in any way by those who oppose you. This will be a sign to them that they will be destroyed, but that you will be saved—and that by God." When the world says, bow, kneel, sin, submit, shut up, put on this turban our answer must be "I don't think so."

We live in the 21st century, the battle still rages intensely. Our futures, the futures of our children and grandchildren hang in the balance. Like in the city of old, we must not let them invade our homes. When we stand as one the invaders will be driven out and our city will be spared.
