

Christmas program a blessing

Written by Gary L. Everitt, Gothenburg

I am so proud to live in a community like Gothenburg where people are actually allowed to show their faith. This is the second year that I've gone to a Christmas program and they actually sang about the Christ child.

Since hearing about the production of "The Christmas Wish" I had it on my list of holiday things to do. I was really blessed by the program.

So thank-you to whoever gave the okay to do such a wonderful production. It truly made my holiday season a little extra special.
