Gothenburg High School musical—What can you say?

We are so blessed to have the talent of our music instructor, Ernie Blecha, and all his assistants.

We had a the privilege of attending all three performances, and I was not the only one to attend more than one.

Wow! Our school can be proud of all the talent and gifts of music that were shared with our community. We do have great kids and we truly say, “Thank You” for everyone’s hard work and the support of our community to have this talent shared in Gothenburg, Nebraska—Thank you all!

Grandparents of one of the stars.
